This is to certify that

*Mr. Nazir Ahamad (Ahmad Shah)*

successfully completed the training course on "Geographic Information Systems" organized in Islamabad (Pakistan) from the 1<sup>st</sup> to the 15<sup>th</sup> of September 1999.

The course included lectures on database management and GIS, supported by extensive practical training on spatial data preparation, display and analysis. The software packages used were MS Access, ArcView and Data Automation Kit. The course was organized by the ProMIS Project (AFG/002/96) to build the capacity of the ProMIS and other International Agencies staff in the Afghanistan programme on the use of Geographic Information System in support to assistance and development.
